

Jazz Voicings

The image displays a series of piano chord voicings for various jazz chords, organized into five sections. Each section contains four measures of music, with a double bar line after the second measure. The notes are represented by circles on a grand staff (treble and bass clefs).

- 1 Ton:** Shows a single bass note in the bass clef and a single treble note in the treble clef.
- 2 Töne:** Shows two notes in the bass clef and two notes in the treble clef.
- 3 Töne:** Shows three notes in the bass clef and three notes in the treble clef.
- 4 Töne Dur:** Shows four notes in the bass clef and four notes in the treble clef, representing major triads.
- 4 Töne Moll:** Shows four notes in the bass clef and four notes in the treble clef, representing minor triads.

On the right side, two vertical double-headed arrows indicate the scope of the voicings:

- The upper arrow is labeled "Voicings ohne Grundton" (Voicings without the root note), spanning the 3-tone and 4-tone sections.
- The lower arrow is labeled "5-Spread (Drop 2)", spanning the 4-tone major and 4-tone minor sections.
